PHYSIOTHERAPY CAMP

ABOUT US

Imamia Medics International (IMI) is a global medical professional organization. IMI's activities range from professional educational programs, community-based clinics, extensive vaccination initiatives, maternal and child care programs, health missions, disaster relief operations, and engaging in the advocacy of international health care policies.

Get Well Clinic in Darulshifa, Hyderabad, India came into existence with the dream to provide access and high quality, value-based health care for the economically and socially marginalized groups within the greater community.

The community members welcomed this bold initiative. With the co-ordination of medical professionals, the first proposal meeting was held at Dargah-e-Jaferia opposite Ibadat Khana-e-Hussaini. In the span of one month, this dream became a reality. Get Well Clinic was up and running.

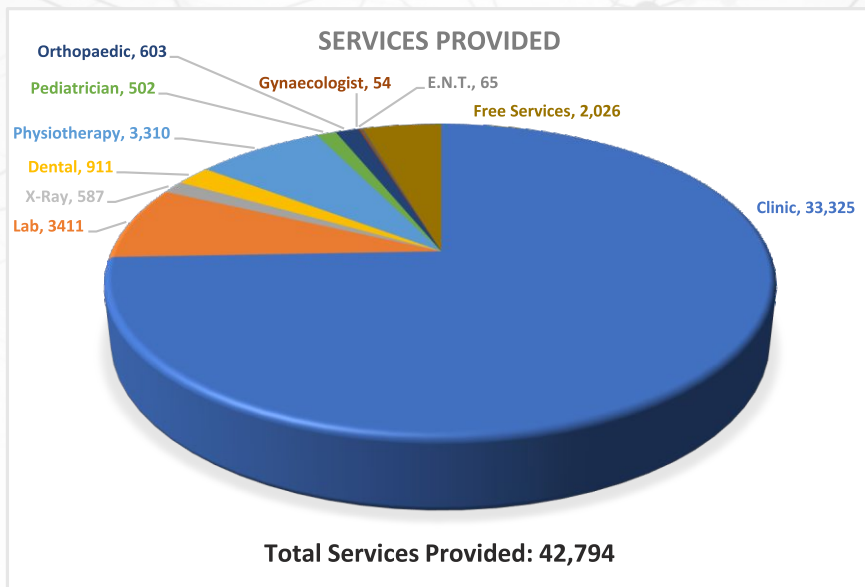

Get Well Clinic Hyderabad Chapter of IMI was founded on February 28th, 2003. The clinic was inaugurated by Aftaab-e- Deccan Allama Syed Akhtar Zaidi Sahab Qibla Marhoom.

Since that time, the clinic has grown exponentially. Starting with the humble beginnings of one room, it has now become a full fledged Primary Care Center. This was made possible with the help of our elders and advisors along with the moral and economic support of our well wishers.

Notable thanks to Janab Syed Nazer Hussain Zaidi for his unwavering support.

Get Well Clinic everyday timings are as follows:
 10:00 A.M - 02:00 P.M.
 07:00 P.M - 11:00 A.M.

The Services which were provided by the clinic during the year 2018 are

Get Well also provides free services to patients suffering with chronic ailments through the Syeda Fatima Sughra (s.a.) Medical Aid Schemes in which 18 patients were given free medicines.

We also provide free medical services of our clinic through the Imam Zainul Abedeem (a.s.) Scheme to the following individuals and institutes:
